FREQUENTLY ASKED QUESTIONS

What are the requirements to install a vending machine in my facility?

We require a minimum of 20 on-site employees, or that the machine is placed in a location with a high volume of foot traffic with access to the machine.

How much does it cost?

Our machines and services are free.

How long does it take to receive a vending machine?

Once a site evaluation is conducted, it typically takes between 15 and 20 days for installation.

Can I choose what products are sold?

We allow our customers to choose items they would like in their machine from our product catalog. If you don't see something you want, feel free to make a request. We will try to accomodate you the best we can.

How often will you service the machine?

Your machine will be serviced on an as-needed basis. Our machines are equipped with real-time inventory management software, allowing us to see product levels remotely.

What do I do if my machine malfunctions?

Should any issues arise with your machine, you can email or call us. We will have an associate out to your location in a timely manner to resolve any issues with your machine.
